

21st REGIONAL CONFERENCE OF DERMATOLOGY (ASIAN - AUSTRALASIAN)

21st RCD NEWSLETTER ISSUE 1

FACULTY DINNER AND ST. JOHN'S ALUMNI NITE: OLD FRIENDSHIPS REKINDLED, NEW ONES MADE

The Ocean Ballroom pulsed with activity as invited speakers congregated there for a night of relaxation and banter.

Professor Tran Hau Khang, chairman of the Organising Committee, got the ball rolling with his welcome speech, followed by an introduction of faculty and briefing by Dr Steven Chow. Great stories of past and present glories followed, with big names like Professor John McGrath, Professor Bhanu Verma, Professor Jonathan White and Dr Chew Hon Nam taking the stage for their presentation.

With great food, great atmosphere and even better friends, what more could one ask for?

A Familiar Face

Professor Bhanu Verma, a well-known authority in the field of dermatology, was in St. John's in the 50s. He was a "teacher of teachers" in premier universities and departments in India. He was a pioneering member of the Indian Council of Medical Research in a career that spanned many decades.

FURAMA HOTEL

The view of the beach from Furama Hotel.
