

21st REGIONAL CONFERENCE OF DERMATOLOGY (ASIAN - AUSTRALASIAN)

21st RCD NEWSLETTER ISSUE 2

Notable VVIPs grace the launch of 21st RCD

Thursday marked the official launch of the 21st RCD. Cultural dances, songs and a display of sand art greeted the participants and guests. Among the many VVIPs to grace the event was Socialist Republic of Vietnam's Vice-Minister of Health Associate Professor Nguyen Thi Xuyen, who welcomed everyone to the beautiful township of Danang.

The ribbon cutting ceremony was witnessed by presidents of the various dermatological societies and led by host Associate Professor Tran Hau Khang, president of the Vietnamese Society of Dermatology and Veneraology.

New Discoveries in Skin Diseases

An expert in inherited skin diseases, Professor John McGrath introduced newly discovered clinicopathological entities.

Poster Presentation and Exhibition

Over 100 posters were submitted and displayed during the conference. The best 3 posters were awarded based on methodology; results and conclusions; clinical relevance and overall presentation. A panel of 3 international judges presided over the competition.

21ST RCD LAUNCH
